

THIEVES DON'T STOP AT THE DOOR

3alarm[™]
Security Beyond Boundaries

NEITHER DOES ALPHA SECURITY

BEYOND BOUNDARIES!

Self-alarms when merchandise is taken outside the store

3 alarm technology from Alpha provides three levels of high-shrink security protection

Alpha's new 3 alarm technology, in combination with our revolutionary S3 products, creates the most effective open display merchandising system available today. Now if merchandise walks out the door, your security doesn't.

No matter what your security needs, nobody offers more high-shrink solutions than Alpha.

3 alarm technology is available in select Alpha products.

3 alarm CableLok™

Available in 6" and 48" lanyards, CableLok's are designed to stop thieves without compromising your customers shopping experience.

3 alarm Keepers

Available in a range of sizes. 3 alarm Keepers provide the security of locked cabinets with the increased sales benefit of open merchandising.

Flashing alert and visible speaker (95 Db alarm) provide strong visual and audible deterrent.
